

World's Greatest
1000

Creation Scientists
2000

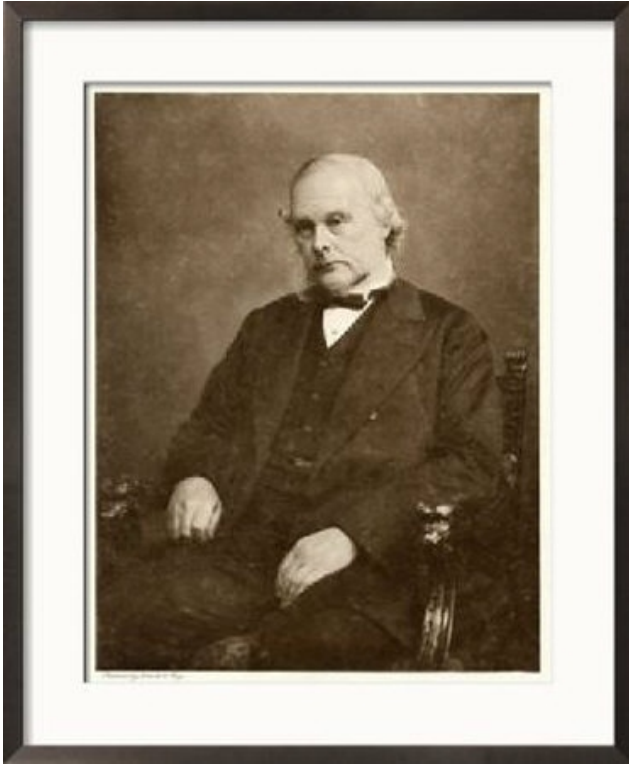

JOSEPH LISTER

1827 - 1912

Surgery • Medicine • Hygiene

- **Originated antiseptic surgery using chemical disinfectants**
- **Second only to Pasteur in saving human lives**
- **President of the British Association and the Royal Society of London**
- **Made a Baron by Queen Victoria, a patient**

**Lister and Pasteur
receiving honors, 1892**

“Even with so many honors, he like many other great Christian scientists was still a humble and gracious man. Of Quaker background, Lord Lister was a firm Christian believer throughout his life.”

– Dr. Henry M. Morris

**“I am a believer in the
fundamental doctrines
of Christianity.”**

– Joseph Lister
